

**KINGSLEY LODGE, MILL ROAD, SHIPLAKE, OXON.**

**WATCHING BRIEF**

A watching brief was undertaken by the OAU at Kingsley Lodge, Shiplake in April 1993, in advance of construction of a utility room. No archaeological features/deposits were located in the foundation trench, which was dug to a depth of 1 metre.

Layer	Depth (m)	Description	Interpretation
1/1	0.11	Tarmac	
1/2	0.41	Garden soil	
1/3		Red brown clay	Natural

NB: Layers are presented in stratigraphic sequence

FINDS: Occasional fragments of modern service pipe were observed, but not retained. No archaeological finds were recovered.
