### Project details

Project name	Tipping Street Stafford
Short description of the project	In May 2009 Oxford Archaeology (OA) carried out a watching brief during a geotechnical testpitting exercise, within a car park at Tipping Street, Stafford. The work was carried out on behalf of CgMs Consulting Ltd, as part of a pre-planning application. A thick deposit of soil, which may have formed a fill of the medieval town ditch, was observed in the south of the site and was cut by a 19th- or 20th-century pit. A thick layer of garden or cultivation soil overlay much of the site, which was truncated by the foundations of 19th- or 20th-century buildings.
Project dates	Start: 21-05-2009 End: 28-05-2009
Previous/future work	Yes / Yes
Any associated project reference codes	STTIP09 - Sitecode
Any associated project reference codes	2009.LH.67 - Museum accession ID
Type of project	Recording project
Site status	None
Current Land use	Other 5 - Garden
Monument type	DITCH Medieval
Monument type	BUILDING Modern
Significant Finds	NONE None
Investigation type	"Watching Brief"
Prompt	Voluntary/self-interest

### Project location

Country	England
Site location	STAFFORDSHIRE STAFFORD STAFFORD Tipping Street
Study area	0.74 Hectares
Site coordinates	SJ 9235 2315 52 -2 52 48 19 N 002 06 48 W Point
