<i>Chapter 1 Introduction by Margaret Gray and George Lambrick</i>	1
Topography	1
Geology	1
History of the site	1
Archaeological background	3
Up to 1972	3
The 1972–3 excavations	6
The 1988 excavations	6
This volume	6
<i>Chapter 2 The excavations of 1972–3 and 1988 by Margaret Gray and George Lambrick</i>	7
Methods of excavation	7
1972–3	7
1988	7
Geological and other natural features	9
Ice wedge casts	9
Solution hollows and pipes	11
Tree roots and treethrow holes	11
The ditch and entrances	11
The ditch layers	11
Primary fills	14
Secondary fills	20
Tertiary fills	22
The entrance causeways	23
The bank and berm	23
The stones and stoneholes	24
The Quoit stones	24
The stoneholes	24
Postholes and pits	42
Postholes	42
Pits	42

Stone removal	42
Burial pits.....	42
Fracture of stones.....	43
Total removal	43
Medieval furrows.....	45
Cattle burial.....	45
Modern features	45
Discussion.....	45
Date.....	45
The Earthwork	45
The destruction of the monument	46
The excavation of ring ditch XXII, 6, 1979 by John Taylor	47
The excavation	47
Discussion.....	49
<i>Chapter 3 The Finds</i>	<i>50</i>
Struck flint by Andrew Brown.....	50
Pottery by Alison Gledhill and Alistair Barclay.....	53
Introduction.....	53
Pottery from the henge ditch.....	53
Discussion.....	55
Human bone by Angela Boyle	55
Animal bone by Bruce Levitan.....	55
Introduction.....	55
Analysis of the bone from layer G in the henge ditch	56
Discussion.....	57
The mollusca from the henge ditch by Mary Evans	62
Sampling and analysis	62
Interpretation	62
Molluscan sequence	62
Conclusions	67
The sediments and soils in the henge ditch by Susan Limbrey	68
Description.....	68
Interpretation	68
<i>Chapter 4 The affinities and design of the monument by Alistair Barclay</i>	<i>70</i>
The monument	70
The henge.....	70
The post setting.....	71
The stone circle.....	73
Possible significance of orientation.....	73
Monument and ceremonial.....	77

<i>Chapter 5 A review of Neolithic and Bronze Age sites in the Devil's Quoits area by Alistair Barclay</i>	78
Introduction	78
Neolithic and Bronze Age sites at Stanton Harcourt	78
<i>Chapter 6 The ceremonial complex in its local and national context by Alistair Barclay</i>	106
Local context	106
Later Mesolithic	106
Early Neolithic	106
Middle Neolithic.....	107
Late Neolithic.....	107
Burials with Beakers	110
Other early Bronze Age traditions.....	110
Monument morphology and function.....	111
Around the monuments	112
After the monuments	112
Regional and national relations	113
The Devil's Quoits and the regional sequence	113
Mortuary practice and ritual.....	114
<i>Postscript: The Devil's Quoits and modern society by Margaret Gray and George Lambrick</i>	116
<i>Appendix 1: The Labour involved in constructing the monument by A R Whiteman</i>	117
<i>Appendix 2: Stanton Harcourt Aerodrome in World War II by John Taylor and Mark Hazell</i>	123
<i>Bibliography</i>	124

List of Figures

<i>Front cover</i>	An early postcard of the three stones standing prior to airfield construction and gravel extraction	
Figure 1	Location in the present day landscape.....	2
Figure 2	The burial of Quoit A, 1940.....	3
Figure 3	The Devil's Quoits from the S.....	4
Figure 4	Extent of excavation.....	5
Figure 5	Aerial view of the 1972-3 excavations.....	9
Figure 6	Modern, natural and archaeological features.....	10
Figure 7	Location of ditch cuttings and stoneholes.....	12
Figure 8	Section conventions.....	14
Figure 9	Ditch sections: cuttings I, IIIb, IIIa.....	15
Figure 10	Ditch sections: cuttings IIIa, VI, VIII, IX.....	16
Figure 11	Ditch sections: cuttings X, XIa, XIb, XI.....	17
Figure 12	Hearths: F33, F41, F43, F150, F153 and F156.....	18
Figure 13	Area A: W entrance, excavated features.....	19
Figure 14	Area B: E entrance, excavated features.....	24
Figure 15	Longitudinal section through SE ditch terminal from W, showing antler pick in position on base of F155.....	22
Figure 16	Loose stones.....	25
Figure 17	Stoneholes F28, F66, F134 and F146.....	28
Figure 18	Stoneholes F19, F48, F107, F111, F112, F139 and F160.....	29
Figure 19	Stoneholes F158, F159 and F283.....	30
Figure 20	Stoneholes F154, F157, F230, F229, F227 and F220.....	31
Figure 21	Stoneholes F207, F203, F202.....	32
Figure 22	Stonehole F158 with base of broken-off quoit in position.....	32
Figure 23	Outlying stonehole F215 from the E.....	32
Figure 24	Stoneholes F17, F25 and F215.....	33
Figure 25	Stone burial pits F18, F22 and F98.....	34
Figure 26	Area C: plan of postholes in centre of monument.....	43
Figure 27	Sections of pits and postholes.....	44
Figure 28	F44 calf burial.....	46
Figure 29	Ring ditch XXII, 6.....	48
Figure 30	Struck flint from the henge ditch.....	51
Figure 31	Middle Bronze Age and early Iron Age pottery.....	53
Figure 32	Devil's Quoits ditch: a synthesis of molluscan results.....	63
Figure 33	Devil's Quoits ditch: mollusc column 1.....	64
Figure 34	Devil's Quoits ditch: mollusc column 2.....	67
Figure 35	Henges in the Upper Thames Region.....	71

Figure 36	Post settings: Stanton Harcourt XXII, 6, phase 2, the Devil's Quoits, Dorchester site 3 and the Springfield cursus, Essex.....	72
Figure 37	Stone circles: Stanton Drew Central, Coate and Avebury South.....	75
Figure 38	Stone circles: Devil's Quoits, Avebury North and the Rollright Stones.....	76
Figure 39	Stanton Harcourt: ring ditches and related cropmarks in the area of the Devil's Quoits.....	79
Figure 40	Vicarage Field: finds from graves II/1 and 2; ditch sections and finds from ring ditch II, 4.....	81
Figure 41	Vicarage Field: Grooved Ware from pits A (1) and B (2-3); redeposited arrowheads (4-7); ring ditch II, 10.....	82
Figure 42	Vicarage Field: early Bronze Age finds from pits D (3, 4-7) and E (1). Unlocated Collared Urn from Stanton Harcourt (2).....	84
Figure 43	Field VI: ring ditches VI, 2 and VI, 4; finds from near pit 4/1 in VI, 4 (2) and from the pit itself (1, 3-6).....	85
Figure 44	Gravelly Guy: pre-Iron Age features.....	86
Figure 45	Gravelly Guy: plan, reconstruction and sections of hengiform ring ditch IX, 1.....	87
Figure 46	Gravelly Guy: Beaker grave F1054.....	88
Figure 47	Gravelly Guy: ring ditches X, 6-8: plan, sections and burials.....	91
Figure 48	Gravelly Guy: ring ditch X, 6: grave goods.....	92
Figure 49	Field XV: ring ditches XV, 1-5, detail of cremations 1-7 in ditch of XV, 4, pits C, D, E, Bucket Urn from cremation 6, and graves 1/1-1/6.....	94
Figure 50	Field XV: finds from pits C (1-5), D (6-7) and E (8-14) and from ring ditches XV, 2 (1a-4a), XV, 3 (5a-9a), XV, 2/3 (10a), XV, 3/4 (11a, 14a) and XV, 4 (12a, 13a).....	96
Figure 51	Field XV: grave 1/1, finds from the grave (1-3) and its immediate area (4-5), Beaker from grave 1/2 (6) and finds from grave 1/3 (7, 8) and its immediate area (9).....	97
Figure 52	Field XVI: ring ditch XVI, 1: plan, sections and grave finds.....	98
Figure 53	Field XXI (Linch Hill Corner): ring ditches XXI, 1 and 1a.....	100
Figure 54	Field XXI (Linch Hill Corner): ring ditches XXI, 1, 3-4.....	102
Figure 55	Field XXII: sites XXII, 2 and XXII, 7-8 from the NW.....	103
Figure 56	Field XXIX: ring ditches XXIX, 1-4.....	104
Figure 57	Ring ditches.....	108
Figure 58	Taking moments about base of stone: erecting the stone.....	119
Figure 59	Force diagram to show lever used to effect 5:1 increase of force to bring stone upright.....	119
Figure 60	Taking moments about A: lifting the stone.....	119
Figure 61	Force diagram to show 4:1 increase in force through use of a lever to lift one end of a stone.....	121
Figure 62	Force diagram for stone on sledge.....	121
