Structure of the report .....	xvi
CHAPTER 1: INTRODUCTION <i>by Tim Allen and Alan Crossley</i> .....	1
THE GEOLOGY AND ANCIENT AND MODERN TOPOGRAPHY OF THE AREA .....	1
THE GROWTH OF HUMAN SETTLEMENT IN THE LOWER WINDRUSH VALLEY .....	4
Prehistoric, Romano-British and early to mid-Saxon settlement .....	4
The late Saxon estate and the manor at Witney .....	6
The bishops of Winchester at Witney .....	7
Post-medieval history <i>by Alan Crossley</i> .....	9
STATUS OF THE SITE BEFORE THE 1984 EXCAVATIONS .....	10
THE EXCAVATIONS, SUBSEQUENT HISTORY AND EVENTUAL DISPLAY OF THE SITE .....	11
The planning background .....	11
The rescue of the bishop's manor house .....	11
The subsequent history and eventual display of the site .....	11
The Tourist Board: refurbishment and occupancy .....	12
OBJECTIVES OF THE EXCAVATION AND POST-EXCAVATION RESEARCH DESIGN .....	12
The Archive .....	13
CHAPTER 2: THE EXCAVATIONS <i>by Tim Allen with Jonathan Hiller</i> .....	15
INTRODUCTION .....	15
The structure of the archaeological description .....	15
The methodology of the excavations .....	15
Site Geology .....	17
THE MOUNT MILLS TRENCHES .....	17
1992 Trench 3 – Period 1: prehistoric and Roman .....	17
1984 Trench III, 1990 Trench 1 and 1992 Trench 4 – late Saxon and early Norman, c 900–1100 .....	17
1990 Trench 4 alongside Farm Mill Lane .....	18
1984 Trench IV, 1990 Trenches 3 and 5 .....	18
MOUNT HOUSE: THE SOUTH-EAST AREA .....	18
General excavation strategy .....	18
The scope of the excavations .....	20
Period 1 – Roman .....	20
Period 3 – Early medieval, c 1100–1140. The Solar Tower, East Range and surrounding boundaries .....	21
The Solar Tower – structural description and construction deposits .....	21
The internal and external stratigraphy of the Solar Tower .....	22
The East Range – structural description .....	24
Internal stratigraphy of the East Range .....	25
Masonry 350 south of the Solar Tower .....	25
Linear boundary 344 and occupation east of the Solar Tower .....	25
Additions to the buildings – Period 3b .....	26
Period 4 – Mid-12th century c 1140–1175 .....	27
The construction of the chapel .....	27
The chapel – description .....	27
Early deposits in the chapel .....	30
The raised terrace south of the chapel .....	32
The courtyard west of the East Range .....	33
Period 4b – The construction of the garderobe block, the raised east terrace; the central pier in the Solar Tower and the moat .....	34
The central pier within the Solar Tower .....	34
The East Range .....	35
The courtyard west of the East Range .....	35

Construction of the east garderobe block .....	35
Extension of the raised east terrace to wall 77 .....	37
The infilling of the chapel basement .....	38
The construction of the south terrace bank .....	39
The construction of the west terrace bank .....	40
Period 4c – Construction of curtain wall 354 .....	40
Period 5a – c 1175–c 1200 .....	41
Construction of possible well 271 .....	41
Deposits within the east garderobe block .....	43
The demolition of the east garderobe block .....	43
Dumping east of wall 77 and staircase 110 .....	44
Alterations to the Solar Tower and southern curtain wall .....	44
Dumping south and east of the garderobe block .....	47
The construction of the West Block .....	47
The infilling of the base of the West Block Period 5a .....	54
The infilling of the Solar Tower ground floor and the construction of a temporary staircase .....	54
The blocking of the Solar Tower door .....	57
Alterations to the East Range .....	57
Period 5b – Early 13th century .....	58
The East Range .....	58
The courtyard west of the East Range .....	59
The robbing of curtain wall 354 and southern extension to the terracing .....	59
Period 6 – 13th century developments, 1225–1300 .....	62
The east terrace .....	62
The east terrace and buttress 94 .....	62
Alterations to the West Block and the construction of Room 466 .....	62
The internal stratigraphy of the East Range .....	64
The development of the courtyard to the west of the East Range .....	65
Period 7 – 14th century .....	67
The basement of the West Block .....	67
The infilling of the cellar within the West Block .....	67
Room 466 and the courtyard to the north .....	67
Alterations to the East Range .....	69
Period 8 – Late medieval, c 1400–1600 .....	70
The East Range .....	70
External surfaces west of the East Range door .....	71
Use of the courtyard outside the East Range .....	71
The East Terrace in the later medieval period .....	71
Period 9 – the post-medieval period, c 1600–c 1800 .....	72
Structural changes to the West Block and the Solar Tower in Period 9a .....	72
Possible re-flooring of the East Range .....	74
The courtyard .....	74
Period 9c – the demolition of the manor .....	74
Period 10 – 19th century and later .....	77
Modern soils and services at the east side of the site .....	77
Structural remains north of the East Range and east of the Mount House .....	77
<b>MOUNT HOUSE: THE NORTH-WEST AREA .....</b>	<b>77</b>
General excavation strategy .....	77
The scope of the excavations .....	78
Period 3 – early medieval c 1100–1140 .....	78
Boundary ditch 588 on the north-west .....	78
Period 4b – c 1160–1180 .....	78
Digging the moat .....	78
Pre-building activity in the north-west area .....	82
Construction of curtain wall 530 on the north .....	84
Period 5a – c 1175–1200 .....	86
Construction of the North Range .....	86
The area between the North Range and Gatehouse .....	90
The north-west corner of the manor, west of the North Range .....	91
The courtyard on the north-west .....	91
Period 5b – early 13th century .....	94

## Contents

Reflooring of the North Range.....	94
The creation of an east room.....	94
The possible stairwell next to the north gatehouse.....	94
The courtyard south of the North Range.....	94
The bridge abutment at the North Gate.....	96
The North Gatehouse.....	96
Period 6 – 13th century developments 1225–1300.....	96
Repairs within the North Range and the east room in Periods 6a, the early 13th century.....	98
The courtyard outside the North Range in the early 13th century.....	101
The infilling of the north-west garderobe pit and the construction of the West Range.....	101
The garderobe in the West Range.....	103
Reflooring of the east room of the North Range.....	105
Disuse of the North Range in Period 6b, the later 13th century.....	105
The addition of a porch or stair to the West Range in the later 13th century.....	105
The courtyard on the north-west in the later 13th century.....	106
Partial cleaning out of the moat.....	106
Period 7 – 14th century 1300–1400.....	106
Demolition of the North Range and the rebuilding of the curtain wall adjacent.....	106
The widening of the curtain wall on the north-west.....	108
The moat.....	108
Disuse of the garderobe north-west of the West Range.....	108
A possible structure at the north-west corner of the curtain wall.....	109
Deposits overlying the North Range.....	110
Reflooring of the room adjacent to the north gate.....	110
Construction of a stone staircase to the wall-walk.....	110
The courtyard on the north-west.....	110
The North Gatehouse.....	111
Period 8 – late medieval and early post-medieval, 1400–1600.....	111
The east room next to the north gatehouse.....	111
The demolition of the West Range and building of wall 520.....	111
Deposits in the north-west of the courtyard.....	112
The moat.....	113
Period 9 – 1600–1800.....	113
The courtyard in the north-west.....	113
The moat.....	113
The robbing of the curtain wall and the north gatehouse, and the final infilling of the moat – Period 9c.....	114
Period 10 – 1800 and later.....	114
The north-west area of the site.....	114
The north-west corner outside the curtain wall.....	114
<b>MOUNT HOUSE: THE NORTH-EAST AREA.....</b>	<b>114</b>
Period 7 – 1300–1400.....	114
The widened curtain wall in the north-east of the site.....	114
Buildings in the north-east of the courtyard.....	115
Period 9 – 1600–1800.....	115
The courtyard in the north-east.....	115
 <b>CHAPTER 3: THE FINDS</b>	
<b>THE MEDIEVAL AND POST-MEDIEVAL POTTERY</b> by <i>Cathy Keevill</i> .....	<b>117</b>
Summary.....	117
Methodology.....	117
The main fabric and vessel types.....	117
Chronological development.....	122
Dating and longevity of the fabrics.....	129
Site distribution.....	132
Regional production and distribution.....	135
Conclusion.....	136
<b>THE TILE</b> by <i>Debbie Duncan and Tim Allen</i> .....	<b>137</b>
Introduction.....	137
Stone roof-tiles.....	137
Ceramic floor-tile.....	137

Ceramic roof-tile .....	137
THE COINS <i>by Nick Mayhew</i> .....	141
THE OTHER SMALL FINDS.....	142
The copper-alloy objects <i>by Leigh Allen</i> .....	142
Personal ornaments.....	142
Horse-gear .....	145
The spur <i>by Blanche Ellis</i> .....	145
Other copper-alloy objects .....	146
Iron-work <i>by Leigh Allen</i> .....	147
Personal ornaments.....	147
Horse-gear .....	148
The prick-spur <i>by Blanche Ellis</i> .....	148
Armour and weapons.....	150
Fragments of body armour <i>by Ian Eaves</i> .....	150
The knives <i>by Patrick Ottaway</i> .....	151
Tools.....	152
Locks and Keys.....	154
Building and structural iron-work.....	155
Bone and Ivory objects ( <i>with identifications by Arthur MacGregor</i> ) .....	155
The jet <i>by Martin Henig</i> .....	157
The glass <i>by Cecily Cropper</i> .....	157
Vessel glass .....	157
Window glass .....	159
The lead objects .....	160
The window came <i>by Cecily Cropper</i> .....	160
Other lead objects.....	161
THE WORKED STONE <i>by John Blair</i> .....	161
Architectural fragments.....	161
Mason's marks on the standing masonry.....	166
Comments on the Romanesque stonework ( <i>incorporating the substance of comments kindly made by Jeffrey West</i> ).....	167
THE SOURCE OF THE STONEMWORK <i>by Philip Powell</i> .....	167
MORTAR ANALYSIS <i>by Graham Morgan</i> .....	167
Mortar analysis .....	167
Descriptions .....	167
Analytical method .....	168
Discussion.....	168
CHAPTER 4: THE ENVIRONMENTAL EVIDENCE.....	169
THE ANIMAL BONES <i>by Kathy Ayres and Dale Serjeantson</i> .....	169
Introduction .....	169
Taphonomy.....	169
Summary of the animal bones from Period 5 – late 12th and early 13th centuries.....	169
Summary of the animal bones from Period 6 – mid-late 13th century.....	170
Summary of the animal bones from Period 7 – 14th century.....	172
Summary of the animal bones from Period 9 – 17th and 18th centuries.....	174
Butchery.....	175
Small mammals.....	175
Sieved material .....	176
Measurements.....	176
Bird remains.....	176
Fish remains.....	177
Spatial analysis .....	178
Discussion.....	178
LATER 12TH- AND 13TH-CENTURY PLANT AND INVERTEBRATE REMAINS	
<i>by Mark Robinson</i> .....	181
The moat.....	181
The tower garderobe .....	181
The north-west garderobe.....	182
CHAPTER 5: SURVEY INFORMATION ON THE SITE AND THE ADJACENT CHURCH.....	183

## CHAPTER 1

Figure 1.1	Location map in three parts showing England, Oxfordshire and Witney .....	2
Figure 1.2	Historic topography and geology of the lower Windrush Valley .....	3
Figure 1.3	Map of the late Saxon estate also showing contemporary settlements and local medieval features or places mentioned in the text .....	5

## CHAPTER 2

Figure 2.1	Location of excavations in and around Mount House .....	<i>facing</i> 15
Figure 2.2	Extent of excavations in south-east area .....	19
Figure 2.3	Evidence plan for south-east area .....	<i>facing</i> 21
Figure 2.4	Period 3 plan .....	21
Figure 2.5	Elevation of the west internal face of the Solar Tower .....	22
Figure 2.6	North-south section across the Solar Tower .....	<i>facing</i> 23
Figure 2.7	East-west section across the Solar Tower .....	<i>facing</i> 25
Figure 2.8	Period 4 plan .....	28
Figure 2.9	Reconstruction of chapel plan .....	31
Figure 2.10	Section of garderobe arches .....	35
Figure 2.11	East-west section across garderobe .....	36
Figure 2.12	Section across wall 77, feature 344 and stairs 110 .....	38
Figure 2.13	Period 5 plan .....	42
Figure 2.14	Section through courtyard including well 271 .....	44
Figure 2.15	Section through West Block .....	<i>facing</i> 49
Figure 2.16	Section showing walls of garderobe .....	51
Figure 2.17	Section through vaulted room and garderobe .....	51
Figure 2.18	Sections north-south and east-west through East Range including 25 .....	60
Figure 2.19	Section from courtyard to East Range .....	61
Figure 2.20	Plan of Period 6 .....	63
Figure 2.21	Section across East Range north of doorway .....	66
Figure 2.22	Plan of Period 7 .....	68
Figure 2.23	Plan of north-west area .....	<i>facing</i> 79
Figure 2.24	Period 4 plan .....	80
Figure 2.25	Section across moat .....	81
Figure 2.26	Early features in north-west area .....	83
Figure 2.27	Period 5 plan .....	87
Figure 2.28	Plan of north-west area in Period 5 .....	88
Figure 2.29	North-south section from gatehouse through courtyard .....	92
Figure 2.30	East-west section through courtyard .....	93
Figure 2.31	East-west section through North Range .....	95
Figure 2.32	Period 6 plan .....	97
Figure 2.33	Plan of North Range in Period 6 .....	98
Figure 2.34	Section of threshold 612 and mortar floor 611 .....	99
Figure 2.35	Section of postholes in North Range .....	100
Figure 2.36	Section of layers abutting wall 533 in North Range .....	102
Figure 2.37	Section of layers tipping into garderobe pit .....	103
Figure 2.38	Section of garderobe in north-west corner of manor house .....	104
Figure 2.39	Period 7 plan .....	107
Figure 2.40	Sections showing widening of trench South of curtain wall on north-west and stones overlying 675 .....	108
Figure 2.41	Plan of north-west area in Period 8 .....	109
Figure 2.42	Plan of north-east area .....	<i>facing</i> 115

## CHAPTER 3

Figure 3.1	Pottery. Period 4. East terrace clay; use of Solar Tower; moat .....	121
Figure 3.2	Pottery. Period 5a. South terrace embanking, last use of east garderobe .....	123
Figure 3.3	Pottery. Period 5a. Infill of east garderobe block .....	124

*Mount House, Witney*

Figure 3.4	Pottery. Period 5a. Solar Tower infill.....	126
Figure 3.5	Pottery. Period 5a. West Block, east terrace extension .....	127
Figure 3.6	Pottery. Period 5a. North courtyard .....	127
Figure 3.7	Pottery. Period 5b. Courtyard west of East Range; North Range and north courtyard .....	128
Figure 3.8	Pottery. Period 6a. North Range and north courtyard; East Range .....	129
Figure 3.9	Pottery. Period 6b. Courtyards; dumping in North Range; moat .....	130
Figure 3.10	Pottery. Period 7. North-west garderobe; dumping in North Range and robbing of same; north courtyard .....	131
Figure 3.11	Pottery. Periods 8, 9 and 10.....	132
Figure 3.12	Ceramic ridge-tiles showing spurs and peg tiles with paw-prints.....	138
Figure 3.13	Copper-alloy personal ornaments .....	143
Figure 3.14	Copper-alloy horsegear .....	146
Figure 3.15	Iron buckles, horsegear, weapons etc .....	149
Figure 3.16	Iron knives .....	151
Figure 3.17	Iron tools, locks and keys.....	153
Figure 3.18	Bone objects.....	156
Figure 3.19	Glass vessels.....	158
Figure 3.20	Lead cames.....	160
Figure 3.21	Architectural stonework Nos 1–5.....	162
Figure 3.22	Architectural stonework Nos 6–8, 10–13, 16–18 .....	163
Figure 3.23	Architectural stonework Nos 20–22.....	164
Figure 3.24	Architectural stonework Nos 23–24; Masons' marks (Nos 27–33).....	165

**CHAPTER 5**

Figure 5.1	Digitally enhanced aerial photograph taken in 1976.....	184
Figure 5.2	Location of geophysical surveys .....	185
Figure 5.3	Magnetometer survey .....	187
Figure 5.4	Resistivity survey.....	188
Figure 5.5	Resistivity survey in relation to church and excavated remains of manor house.....	189
Figure 5.6	St Mary's church: plan of church with details of Norman work in the nave.....	190
Figure 5.7	Plan of church in relation to 12th-century manor house.....	191

**CHAPTER 6**

Figure 6.1	Plan of curia reconstructed from documentary evidence .....	194
Figure 6.2	Detail redrawn from Witney and Curbridge Tithe maps (1843).....	194
Figure 6.3	Langford's view of the Mount House from the east, showing dovecot and barn, c 1850.....	197
Figure 6.4	Unpublished engraving by Samuel Buck c 1729.....	198
Figure 6.5	Nineteenth century copy of a map of Witney dated 1662.....	199

**CHAPTER 7**

Figure 7.1	Comparanda for the tower complex.....	207
Figure 7.2	Comparanda for the overall site layout: Wolvesey, Lincoln, Taunton, Mount House, Bishop's Waltham, Old Sarum, Sherborne.....	209
Figure 7.3	Isometric views of the south chapel wall and stair to terrace .....	212
Figure 7.4	Comparanda for the North Range .....	223

# Plates

## CHAPTER 2

Plates 2.1	The Solar Tower from the north, including the central pier 49, the blocked north doorway, part of layer 50 = 129 (bottom left) and the intrusive modern pit 54 in the south-east corner (upper left).....	16
Plates 2.2	Detail of the diagonal tooling and 'knife-cut' mortar pointing of the rere-arch quoin on the north side of the west window of the Solar Tower.....	23
Plates 2.3	Chimney stack 27 from south-west.....	24
Plates 2.4	East terrace wall 74 abutting the south wall of the chapel (97), and overlying trench 344.....	26
Plates 2.5	Detail of interior of the chapel, showing stones of 344 below construction level.....	27
Plates 2.6	Detail of chapel wall showing monolithic window head (reused).....	30
Plates 2.7	Detail of chapel wall 482 abutting the East Range wall 88, viewed from the south-east.....	32
Plates 2.8	Blocking of stair turret (room 446) from the inside.....	33
Plates 2.9	Central pier 49 from the west.....	34
Plates 2.10	East garderobe conduit arches and deflecting wall, looking north-east.....	37
Plates 2.11	East terrace wall 74 abutting the south wall of the chapel, looking north-east.....	38
Plates 2.12	Interior of chapel looking east.....	39
Plates 2.13	Well 271 from above looking east.....	43
Plates 2.14	Corner of east garderobe showing conduit arch and deposit 142 with chamber pots during excavation, looking south-east.....	45
Plates 2.15	Steps 110 and wall 74 from east.....	46
Plates 2.16	Junction of walls 58 and 257 from east.....	46
Plates 2.17	Blocked postern at south-east corner of curia, from west.....	48
Plates 2.18	Stair 215 in West Block looking east.....	49
Plates 2.19	Junction of wall 484 and garderobe 488 from the south-west.....	50
Plates 2.20	Junction of wall 474 and wall 473 of garderobe 486, from west.....	52
Plates 2.21	Garderobe 486 from the east.....	53
Plates 2.22	Blocked doorway to Solar Tower with stair and central pier behind, from the north.....	56
Plates 2.23	Detail of steps 52 from north.....	57
Plates 2.24	Steps 52 from west.....	58
Plates 2.25	Buttressing wall 94 abutting Solar Tower on the east (from south).....	64
Plates 2.26	Wall 255 and infill in the west block, looking west.....	69
Plates 2.27	Doorway into the East Range, from south-west.....	70
Plates 2.28	West Block from the north, showing late wall 802.....	73
Plates 2.29	Ditch 588, moat 558 and curtain wall 574 from the west.....	79
Plates 2.30	Moat and North Range from the north-north-west.....	82
Plates 2.31	North Range and curtain wall looking west.....	85
Plates 2.32	Wall 531 and steps 686 looking north.....	86
Plates 2.33	The North Range from south-west.....	89
Plates 2.34	Wall fireplace 576 and chimney stack 606 from north or north-east.....	89
Plates 2.35	Stones 652 forming a threshold at the SE corner of the North Range.....	90
Plates 2.36	North Range and walls in the north-west corner from south-west.....	96
Plates 2.37	Posthole 638 packed with stones, from north.....	100
Plates 2.38	Relieving arch of 518 and slumping of wall 520.....	102
Plates 2.39	Garderobe 687 from the north-west.....	104
Plates 2.40	Wall 520 from east slumping into garderobe pit.....	112

Table 3.6	Comparison by fabric of pottery from the south-east and north-west areas in Period 6.....	136
Table 3.7	Tile fabrics.....	139
Table 3.8	Numbers and percentage of tiles by period and fabric.....	140
Table 3.9	Analytical results of dissolution of mortar samples in acid.....	168

## CHAPTER 4

Table 4.1	Gnawed fragments of animal bone.....	170
Table 4.2	Fragments showing signs of burning.....	170
Table 4.3	Number of identified species present (NISP).....	170
Table 4.4	Period 5, anatomical elements present.....	171
Table 4.5	Cattle dental data.....	171
Table 4.6	Sheep/goat dental data.....	171
Table 4.7	Pig dental data.....	171
Table 4.8	Period 5. Fusion data for cattle.....	171
Table 4.9	Period 5. Fusion data for sheep/goat.....	171
Table 4.10	Period 5. Fusion data for pig.....	172
Table 4.11	Period 6. Anatomical elements present.....	172
Table 4.12	Period 6. Fusion data for cattle.....	172
Table 4.13	Period 6. Fusion data for sheep/goat.....	172
Table 4.14	Period 6. Fusion data for pig.....	173
Table 4.15	Period 7. Anatomical elements present.....	173
Table 4.16	Period 7. Fusion data for cattle.....	173
Table 4.17	Period 7. Fusion data for sheep/goat.....	173
Table 4.18	Period 7. Fusion data for pig.....	174
Table 4.19	Period 9. Anatomical elements present.....	174
Table 4.20	Period 9. Fusion data for cattle.....	174
Table 4.21	Period 9. Fusion data for sheep/goat.....	175
Table 4.22	Period 9. Fusion data for pig.....	175
Table 4.23	Butchery evidence.....	175
Table 4.24	Withers height calculated for sheep/goat.....	176
Table 4.25	Distal breadth of tibia for sheep/goat.....	176
Table 4.26	Bird remains (hand retrieved and sieved).....	177
Table 4.27	Fish remains (hand retrieved and sieved).....	177
Table 4.28	Waterlogged seeds from moat fill 558/14.....	180
Table 4.29	Other waterlogged plant remains from moat fill 558/14.....	181
Table 4.30	Mineralized seeds from the garderobes.....	181
Table 4.31	Mineralized diptera puparia from the garderobes.....	181
Table 4.32	Carbonised plant remains from the garderobes.....	182
